South Kanara Collector's Office,

Camp: Karkal, dated 12th September 1935.

From

E. M. Gawne, Esq, I.C.S.,

Collector of South Kanara

To

The Secretary to the Board,

Land Revenue & Settlement,

M a d r a s.

S i r,

Electricity-- Installation--Collector's office and Taluk office--Mangalore--estimates and plans--submitted.

With reference to paragraph 2 of Government official Memorandum No. 710-C/34-2 dated 23rd August 1934 Public Works and Labour Department, I submit herewith estimates in duplicate for Rs.2310 and Rs.780 respectively for the electrification of the block of buildings containing the Collector's and allied offices and the building containing the Taluk office and Sub Magistrate's office, at Mangalore. I enclose also a comparative statement showing the expenditure on lights and punkahs that is being incurred at present in these offices and the probable cost, if the offices are equipped for electricity

2. As stated in my letter D. Dis. 680-33 dated 25th April 1934 lights are required for these buildings for use on cloudy days during summer and during the whole of the afternoons in the monsoon months. The rooms on the ground floor of my office, in particular, are very ill lit as the verandahs have been made into office rooms Lights are more or less in constant use in these rooms, though the clerks are not in the habit of working after dark.

3. Provision has been made for six electric fans in the

block of buildings containing my office--one each for the Collector, the two District Forest Officers, the Treasury Dy. Collector and the Revenue Divisional Officer, Bangalore and one for the Court of the honorary I Class Bench of Magistrates. Durbin pullers will be dispensed with for all these officers, when the electric fans are provided. Clerks will not be given fans as

4. Among the Government offices here, the Post Office is already fitted for electricity. It is understood that plans for the electrification of other Government offices in Bangalore are under contemplation. But it must be conceded that although electric current has been supplied throughout Bangalore for more than two years the Government have done nothing till now to encourage the installation of electricity in buildings. An unfavourable impression is thus created in the public that in the mofussil the Government is only in favour of electricity where its own supply can be utilised.

I request that the necessary sanction may be obtained and communicated to me and the Electrical Engineer.

Your obedient servant,

Collector.

Sir,

* Subject:- Electric Installation to Collector's and Taluk offices, Mangalore.

ENCLOSURES

Plans, estimate and comparative statement. 1/3 dupe

SPARE COPIES

With reference to your endorsement No.E.6920/35-1 dated 20-9-35, I have the honour to state that so far as this department is concerned there is no objection to the works being treated as minor works, as proposed by you. The Government have recently sanctioned a similar proposal for the Medical Department. But the decision on the matter lies essentially with Government with reference to para 2 of Memo.No.710-C/34-2 dated 23-8-34. I have no information as to the total value of the proposals submitted to Government by different departments.

(A)

(N)

The plans and estimates and comparative statement 1/3-11 received with your endorsement call for no remarks and are returned herewith.

T. J. Muthanda

for Chief Engineer (Electricity).

Order / Resolution / Ms. / Rout. No. Nil, dated E 6920/H154 25.10.35

3. The Board agrees to join
with the Sikkim Government in this connection in the electrification of the Malabar Coast. The Sikkim Government does not desire to do so except as the electrification of the Malabar Coast will reduce at Calcutta which they have also taken up.

Abstract

Electric Installation.-
South Kanara - Mangalore - Revenue and Judicial Department buildings - Expenditure - Rs.7,360/- approved.

PUBLIC WORKS AND LABOUR DEPARTMENT.
G.O.No.Ms.2537-W., dated the 25th November 1935.

Read.-

From the Registrar, High Court, No.3984-35-D.4, dated 18th Oct. 1935.
From the Board of Revenue, No.R.6920-35-2, dated 25th Oct. 1935.

The Government approve an expenditure of Rs.7,360/- (Rupees seven thousand, three hundred and sixty) on the provision of electric installations in the following buildings at Mangalore at the cost shown against each.

	Rs.
Administration of Justice	
(1) District Court house	1,430
(2) Sub Court	830
(3) District Munsif's Court	1,010
General Administration	
(4) Collector's Office	3,310
(5) Taluk Office, and	780
(6) Stationary Sub-Magistrate's Office	
	7,360

2. The work may be carried out when funds become available from the lump sum provision for minor works under the respective sub-heads of appropriation under the head "41.a.Civil Works - Provincial - Transferred - Original Works - Buildings"

(By Order of the Government, Ministry of Public Works).

W.SCOTT ERSKINE,
Secretary to Government.

the Chief Engineer for Electricity, with plans and estimates.

being treated as municipal works.
He also stated that Govt have recently sanctioned a similar proposal for the medical dept. A 15 of

3 From the comparative statement furnished by the Coll^r - A 3 of - it is seen that the estimated cost of electric energy together with interest on capital & depreciation will exceed the cost of oil lighting & municipal pumping in the Taluk Office & Court House A 3 of
It is also reported that the clerks are not in the habit of working after dark, though it is stated that lights are required for use on cloudy days during Summer & during the whole of the afternoons in the monsoon months
It is doubtful whether the criterion no (2) laid down in para 1 of Govt memo at (A) is satisfied in the present case

4. The estimated cost of the electrification of the Taluk Court House is reported to be Rs 780 & Rs 3310 mostly or a total of Rs 4090 M S 0 97
In the circumstances it is for orders whether the cost is

proposals may be recommended to get for Sanctu and whether they may be injected to provide funds for the work during the current year as a special case.
